### PROFESSIONAL SUMMARY

Informatics Engineering undergraduate at Universitas Brawijaya specializing in Full-Stack Web Development with hands-on experience building scalable web applications using React, Node.js, Express.js, and PostgreSQL. Experienced in developing AI-powered applications, RESTful APIs, enterprise integration systems, and real-world digital solutions through academic, community, and collaborative projects. Passionate about backend engineering, software architecture, and modern web technologies, with strong problem-solving skills and a continuous learning mindset. Seeking a Full-Stack or Backend Developer Internship to contribute while expanding professional software engineering experience.

---

### SKILL

#### TECHNICAL SKILLS

- **Programming Languages:** JavaScript (Intermediate), TypeScript (Intermediate), Java (Intermediate), PHP (Intermediate), Python (Beginner), HTML (Advanced), CSS (Intermediate)
- **Frontend:** React.js (Intermediate), Vite (Intermediate), Tailwind CSS (Intermediate), Zustand (Intermediate), Framer Motion (Intermediate)
- **Backend:** Node.js (Intermediate), Express.js (Intermediate), Java Spring Boot (Intermediate), RESTful API Development (Intermediate)
- **Database:** PostgreSQL (Intermediate), MySQL (Intermediate), Prisma ORM (Intermediate), Supabase (Intermediate)
- **Tools & Technologies:** Git & GitHub (Intermediate), Postman (Intermediate), Google Gemini AI Integration (Intermediate), Microservices Architecture (Intermediate), AWS Data Engineering (Beginner)

#### SOFT SKILLS

Problem Solving, Leadership, Product Management, Collaboration, Critical Thinking, Adaptability

---

### BOOTCAMP EXPERIENCE

#### CODING CAMP 2026 by DBS Foundation (Dicoding Indonesia)

##### Full-Stack Web Development Trainee | Feb 2026 – June 2026

- Completed an intensive full-stack web development program covering React.js, Node.js, RESTful API development, cloud deployment, and software engineering best practices.
  - Collaborated in a cross-functional capstone team to develop **CareerPath AI**, an AI-powered career recommendation platform integrating machine learning and modern backend architecture.
  - Strengthened practical experience in frontend development, backend API implementation, Git collaboration, and agile software development workflows
- 

### ORGANIZATIONAL & SOCIAL PROJECT EXPERIENCE

#### MAHASISWA MEMBANGUN DESA (MMD Brawijaya)

##### Student Village Project Coordinator | Jul 2025 – Aug 2025

- Led a multidisciplinary team of 12 students in planning and delivering community development programs for Baturetno Village.
- Managed four primary initiatives consisting of thirteen community sub-programs in collaboration with local stakeholders.
- Directed the digital transformation initiative by designing and deploying the BUMDes Baturetno Digital POS System, improving inventory management and cashier operations through a web-based solution.

## KMK FILKOM UNIVERSITAS BRAWIJAYA

### Event Division Staff | Oct 2024 – Apr 2025

- Focused on designing and executing comprehensive run-downs for multiple large-scale events, including New Student Welcoming (PMB), Christmas, and Easter Celebrations.
  - Coordinated engaging sessions and managed event flow for 100+ attendees, ensuring all segments ran strictly on schedule with zero major technical issues.
  - Handled real-time troubleshooting during events, collaborating closely with other divisions to ensure seamless event logistics and overall participant satisfaction.
- 

## ENGINEERING PROJECT EXPERIENCE

### CAREERPATH ECOSYSTEM & STEPWISE

#### React • Node.js • Express.js • PostgreSQL • Supabase • Google Gemini AI

- Developed an AI-powered educational platform that generates personalized IT learning roadmaps based on user assessments.
- Integrated Google Gemini AI to automate CV parsing and skill extraction, reducing manual user input.
- Designed secure backend services with Express.js and implemented Row Level Security (RLS) in Supabase for protected user data.

### DEVPORTFOLIO & QOIN E-COMMERCE PLATFORM

#### React • Node.js • Express.js • PostgreSQL • Prisma • Tailwind CSS • Framer Motion

- Built a responsive full-stack e-commerce application featuring product management, shopping cart, and JWT-based authentication.
- Developed a personal portfolio platform with a custom CMS, interactive UI, and reusable frontend components using React and Framer Motion.

### ENTERPRISE ORDER MANAGEMENT SYSTEM

#### Java • Spring Boot • MySQL • REST API • Microservices Architecture

- Developed enterprise RESTful APIs using Java Spring Boot and MySQL following a microservices-oriented architecture.
  - Implemented transactional order processing, Global Exception Handling, and relational database design to support inventory and shipping operations.
- 

## ACHIEVEMENT

### TOP 10 FINALIST – Multimedia in Action 2025: Empowering Visionaries, Impacting Industries

#### KSM Multimedia, Universitas Pembangunan Nasional "Veteran" Jakarta | Sep 2025 – Nov 2025

- Selected as one of the Top 10 finalists in a national web development competition focused on innovative digital solutions.

### TOP 5 FINALIST – SPRINT (Spirit of Entrepreneurship) Business Plan Competition

#### DSI FILKOM, Universitas Brawijaya | 2024

- Awarded Top 5 finalist for developing and presenting an innovative business plan proposal in an entrepreneurship competition.
- 

## EDUCATION

### Brawijaya University

Aug 2023 – Present

Bachelor of Informatics Engineering (3.73/4.00)

---

## CERTIFICATES

- **Coding Camp (Full-Stack Web Development)** | Dicoding Indonesia Jun 2026
- **AWS Academy Graduate – Data Engineering** | Amazon Web Services (AWS) Jun 2026
